

## WALK 11

This walk is suitable for parents with buggies and is on footpaths that are generally easy to walk.

Time: 30-60 minutes.

Distance: approx 2 miles.

Starting point is Lower Street by the shops (A).

Walk over the railway bridge up Church Road until you meet FP54. Take the path, passing St Mary's Church and then re-join Church Road. Turn right on Church Road and then left at the junction with Watson Way and left onto BR53.

Follow the brideway where it becomes Peachey Walk and follow the path until it re-joins Watson Way. Turn right at (B) and follow Watson Way back to the junction with Church Road. Walk downhill back to Lower Street.

This walk can be extended by about 1 mile starting from (B) but is only suitable for single buggies and in dry weather. Cross over Watson Way and continue along BR53 beside Forest Hall Road to its junction with FP24. Follow this path in a northerly direction to Brook View and Stoney Common Road. Turn right, then left into West Road, bearing right at the end to join FP14 along Park Road. Cross Church Road, turn left and back to Lower Street. (Take care crossing Church Road as sight-lines can be obscured in the growing season).
